

HUNTING

IS HATING!

What is Hunting?

Hunting is the terrible practice of killing and/or capturing animals.

Fur isn't fashion!

What's really unfortunate about hunting is that every year billions of animals are being used for their fur. Tha'ts right! Humans use fur to make clothing items and accessories. Isn't it horrible!

Poaching is pain!

Ever heard of poaching? Well, it is a
illegal and very cruel type of hunting!

An illustration featuring two cats and two trees. On the left, a light grey cat with pink inner ears sits on an orange ground, looking up at a large brown speech bubble. On the right, a white cat with orange and brown patches sits on the same ground, also looking up at the speech bubble. Two green trees with brown trunks are positioned behind the speech bubble. The speech bubble contains text about poaching.

Poaching is usually done to sell animal body parts for a price. Elephant ivory, rhino horns and many others are sold during this process! Did you know that a rhino is poached every 22 hours! It's brutal and horrifying!

Animals and the Environment

Animals are important for the environment. They help balance nature and make the world a better place. If we continue hunting, there could be a severe loss of biodiversity, mass extinction of several species and more.

A cartoon illustration of a woman with long brown hair, smiling and holding a small brown dog. The dog is wearing a pink and white striped shirt. They are positioned on the left side of the image, partially overlapping a large brown sign.

How You Can Help

1. **Never buy real fur, ivory or animal products!**
 2. **Spread awareness! Just buy educating others, you can make a huge difference.**
 3. **Switch to vegetarianism.**
- 
- The background features stylized green trees with brown trunks. At the bottom right, there are small, faint illustrations of various plants and vegetables like onions, mushrooms, and leafy greens.

THANK
YOU
